Part E - First-time Bachelor's Cohort Retention Rates

Retention rates will be calculated based on information provided below.

Academic reporters report retention data as of the institution's official fall reporting date or as of October 15. Program reporters report retention data on students enrolled in the institution at any time between August 1 and October 31.

If there are no students to be reported in a cohort, please enter zero. Do not leave the field blank.

When reporting data below, remember to:

- Include only first-time **bachelor's** students in your full- and part-time cohorts. Do not include students

[Back to top](#)

- who transferred into your institution.
- Determine student status (full- or part-time) using Fall 2009 status (e.g. if a student was part-time in Fall 2009, report them in the part-time cohort regardless of their Fall 2010 status).
- Report in the exclusions boxes the number of students from each cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g. Peace Corps); or to serve on official church missions.

The system will subtract exclusions from the original cohorts and use adjusted cohorts for calculating retention rates. **Retention rates will be calculated by the system after clicking 'Save.'**
